SAFE & HYGIENIC

Our products offer a sterile environment for food storage, effectively preventing bacterial growth and contamination.

ECO-FRIENDLY

Aluminium is highly flexible and easily recyclable, making it a sustainable and responsible choice for the planet.

VERSATILE USAGE

These products are designed for unmatched flexibility, suitable for freezing, baking, and grilling in any kitchen.

EXTENDED FRESHNESS

Aluminium provides an excellent barrier for food and drinks, allowing for long-term storage even without refrigeration.

DURABILITY

Our material is lighter by volume than most other metals while maintaining a strong, high-performance, and durable design.

OUR PROMISE

Healthy eating starts with healthy storage. Aluminium foil is safe, clean, and perfect for your daily meals. Our aluminium foil containers and aluminium foil rolls are made from 100% food-grade material.

ABOUT US

Established in 1992, GAL Aluminium is an ISO 9001 Certified leader in the aluminium extrusion industry. By combining cutting edge technology with a skilled workforce, they provide high Precision, customised solutions to a global market.

OUR MISSION

To achieve total customer satisfaction through quality, reliability, and the continuous adoption of the latest manufacturing technologies.

OUR VISION

To be a world class organisation that sets global standards for precision and innovation in aluminium profiles.
